OUR GOAL:

***EVERY LOAD DELIVERED UNDAMAGED***

## INTERESTING FACTS ABOUT TEGRAL

TEGRAL operates a full manufacturing facility with CNC Machines, Welders, Lathes and Injection Moulders up to 450t capacity.

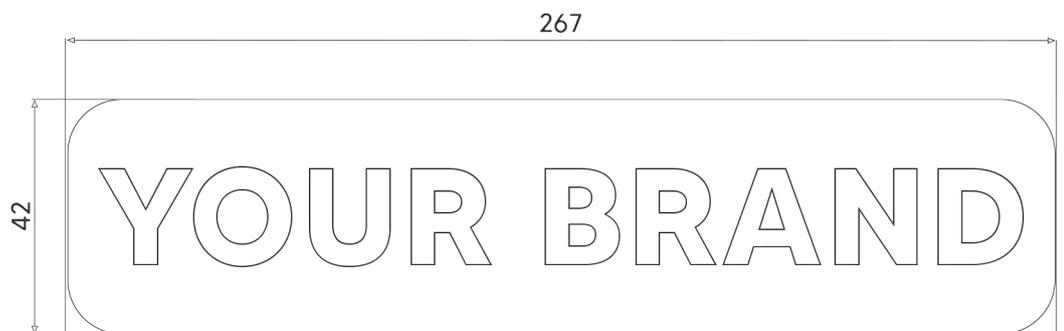

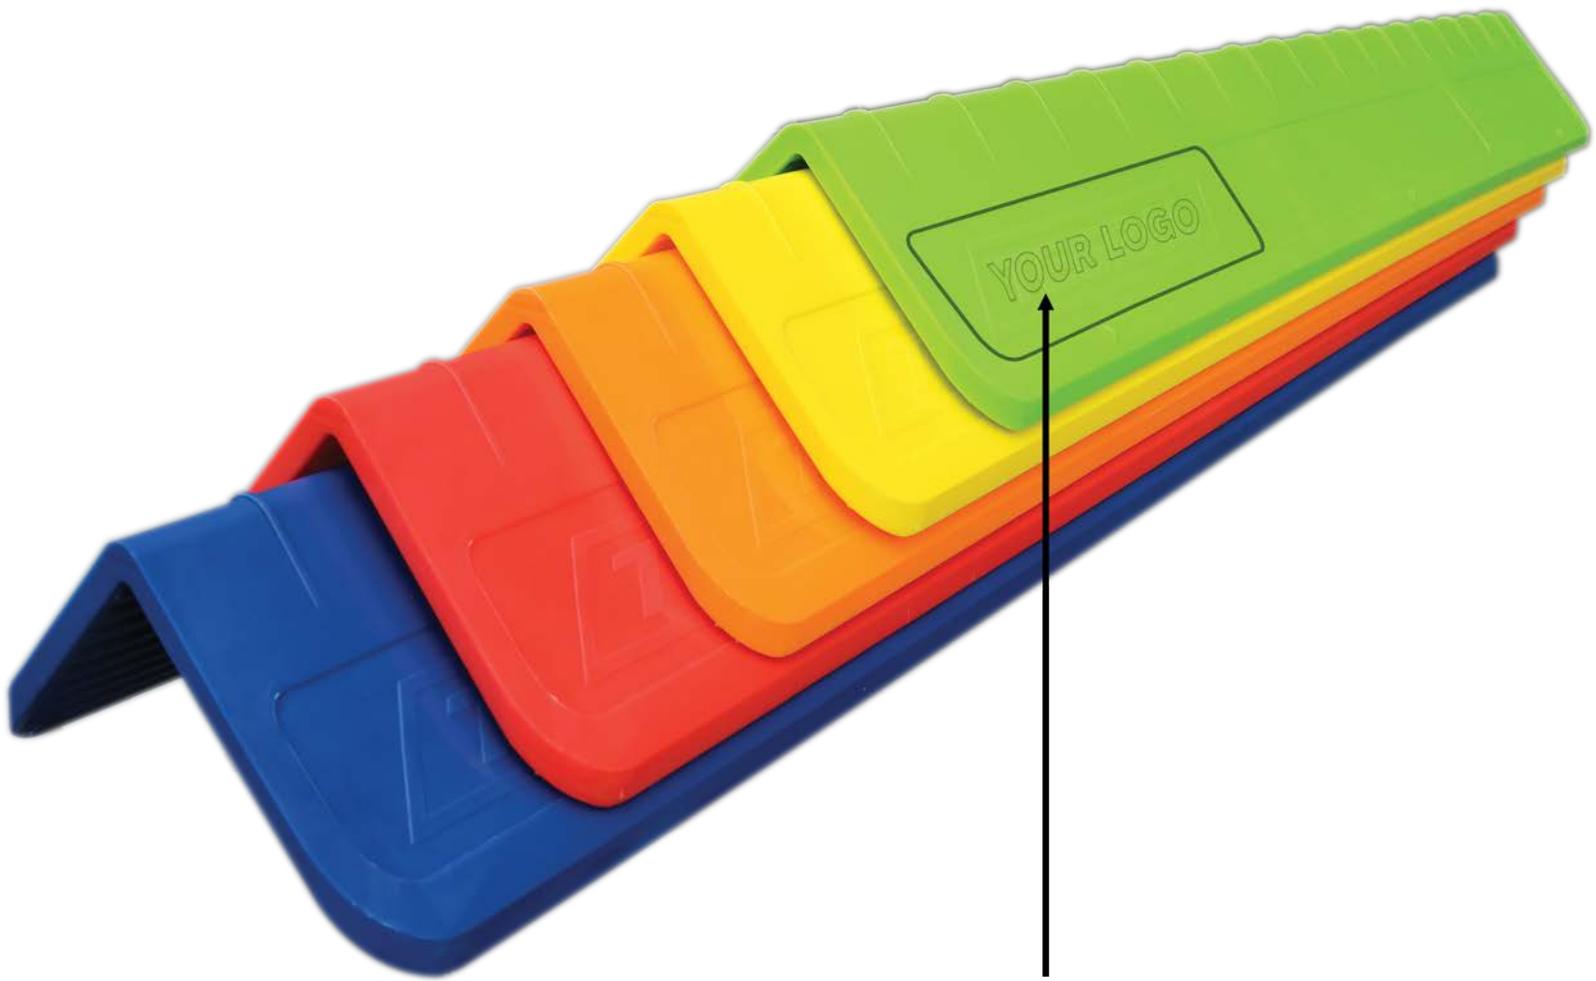

We have our own design and rapid prototyping facilities in house which enables us to support the transport industry.

A semi-trailer is shown from a low angle, with three wheels visible. The trailer is white with orange accents. The text "Loads easier" is written across the trailer in a large, black, cursive font. The background is a solid orange color.

*Loads easier*

# CUSTOM BRANDED LOAD ANGLES

1. Reduce equipment loss.
2. Increases brand awareness and traceability.
3. Available on both 470mm and 1050mm angles.

ALL DIMENSIONS ARE IN MM

**Fast turnaround: 2-3 days**

No extra charge on future orders.

MOQ on custom logo: 250

# DELIVERY TERMS

**EVERY LOAD DELIVERED UNDAMAGED**  
[www.tegral.com.au](http://www.tegral.com.au)

## SYD SAME-DAY

We offer same-day delivery to Western Sydney if you order before 12pm on stocked products.

## NATIONALLY

- Same-day Dispatch.
- We can send to a depot you frequent in Syd Metro.
- You can collect at our workshop in Moss Vale, NSW 2577.

## Tempwise Thermal Barriers

Tegral's tempwise thermal barriers, (often called chiller boards, freezer boards or portable bulkheads) are designed to create the perfect division between frozen and chilled products, allowing your van to carry various temperature loads, increasing your profitability and abilities for your customers.

We combine 70mm of closed cell foam insulation with a full outer skin, protecting the foam from damage. The foam core provides flexibility and strength, while offering superior insulating properties.

- Designed to last
- Custom fit for your unit
- Tough Transport 9000 European PVC skin (900gsm, truck curtain weight)
- A range of colours available
- 70mm closed cell foam insulation core
- HDPE plastic skid base for easy handling and to protect against forklift strikes
- Base attached with flat head bolts... so no sharp heads inside to damage your cargo
- Hinges and F-series track straps available for storage.

Contact us today to receive an order form. [Sales@tegral.com.au](mailto:Sales@tegral.com.au)

## Flat Webbing Slings

Tegral flat webbing slings are manufactured to the specifications of Tegral and according to Australian Standard AS1353.1. Fabricated using 100% high tenacity polyester yarn. Durable and specially woven, 100% polyester with standard folded eyes that incorporates eye wear padding to provide maximum protection around the eyes. Each sling is proof tested, individually serial numbered, tagged and complete with test certificates.

- Other sizes available upon request.
- Spec sheet available on the website.

\$1.00 (250 pcs - up)

CODE: E0051

## CLASS 7A

250mm x 250mm  
High quality Vinyl  
UV stabilised  
PRICE: \$2.00 (1-249 pcs)  
\$1.00 (250 pcs - up)

CODE: E0071

## CLASS 5.2 - BLACK

250mm x 250mm  
High quality Vinyl  
UV stabilised  
PRICE: \$2.00 (1-249 pcs)  
\$1.00 (250 pcs - up)

CODE: E0052B

## CLASS 7B

250mm x 250mm  
High quality Vinyl  
UV stabilised  
PRICE: \$2.00 (1-249 pcs)  
\$1.00 (250 pcs - up)

CODE: E0072

# DG & LABELS

## CLASS 7C

250mm x 250mm  
High quality Vinyl  
UV stabilised  
PRICE: \$2.00 (1-249 pcs)  
\$1.00 (250 pcs - up)

CODE: E0073

## HAZCHEM BANNER (BLANK)

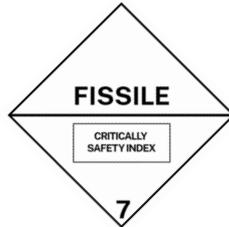

VINYL BANNER - EYELETS  
AND ROPE, 600mm x  
800mm  
PRICE: \$100.00 (1 pc)  
\$85.00 (4 pcs - up)

CODE: M0022

## CLASS 7E

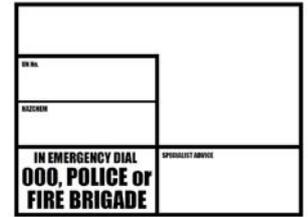

250mm x 250mm  
High quality Vinyl  
UV stabilised  
PRICE: \$2.00 (1-249 pcs)  
\$1.00 (250 pcs - up)

CODE: E0074

## STANDARD EIP BLANK

DG EIP ADHESIVE LABEL  
600mm x 800mm  
PRICE: \$5.00 (100 pcs)  
\$4.50 (250 pcs)

CODE: E0001

## CLASS 8

250mm x 250mm  
High quality Vinyl  
UV stabilised  
PRICE: \$2.00 (1-249 pcs)  
\$1.00 (250 pcs - up)

CODE: E0080

## SMALL EIP BLANK

DG EIP ADHESIVE LABEL  
300mm x 400mm  
For Use on IBC  
PRICE: \$6.00 (100 pcs)  
\$5.00 (250 pcs)

CODE: E0003

## CLASS 9

250mm x 250mm  
High quality Vinyl  
UV stabilised  
PRICE: \$2.00 (1-249 pcs)  
\$1.00 (250 pcs - up)

CODE: E0090

## DIAMOND BOOK

Flip Over - Includes 15 Signs  
250mm X 250mm  
PRICE: \$100.00

CODE: M0010

## CLASS 9A

250mm x 250mm  
High quality Vinyl  
UV stabilised  
PRICE: \$2.00 (1-249 pcs)  
\$1.00 (250 pcs - up)

CODE: E0091

## MIXED CLASS - WHITE

250mm x 250mm  
High quality Vinyl  
UV stabilised  
PRICE: \$2.00 (1-249 pcs)  
\$1.00 (250 pcs - up)

CODE: E0101

# AUSTRALIAN MAJOR HIGHWAYS

# YOUR LOADING OBLIGATIONS

## RULES ON LOAD RESTRAINT

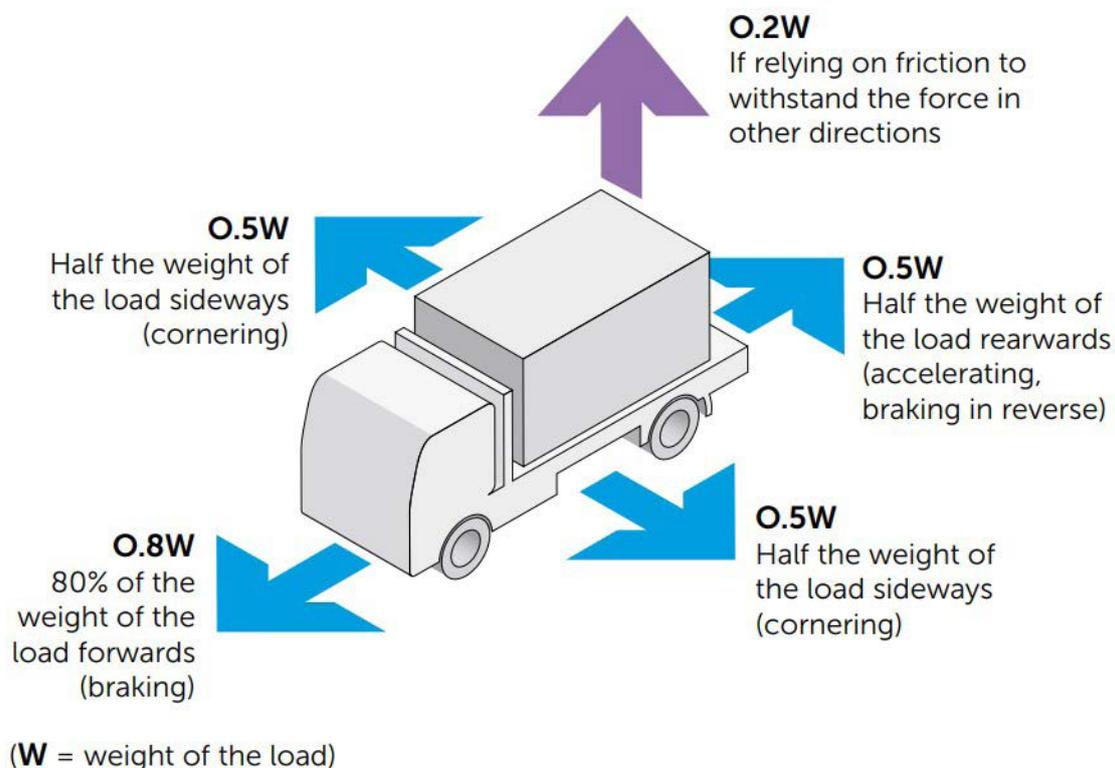

You are legally responsible for restraining your load so that:

- It does not come off your vehicle under normal driving conditions, including heavy braking and minor collisions. If it comes off, this is evidence you have breached the law.
- It does not negatively affect the stability of the vehicle, which can cause the vehicle to roll over or swerve uncontrollably, and cause an accident.
- It does not stick out of the vehicle in a way that could injure people, damage property or obstruct others' paths.

You must pick up any fallen load if it is safe to do so, or arrange for someone to retrieve it.

## THE LAW SETS OUT PERFORMANCE STANDARDS FOR LOAD RESTRAINT

- The Performance Standards set out the minimum amount of force a restraint system must be able to withstand in each direction. For heavy vehicles, these forces are:

- If a load is restrained to meet these Performance Standards it will not fall off or affect the stability of the vehicle under expected driving conditions. This includes emergency braking and minor collisions.

# LOAD RESTRAINT SYSTEM CHECKLIST

## PLANNING THE LOAD

### 1. Understand your load.

Know your load's characteristics.

### 2. Choose a suitable vehicle for your load type and size.

Check your vehicle's carrying capacity and allowable overhang/height.

### 3. Use a restraint system that is suitable for your load.

Choose the most suitable restraint method for your load and vehicle.

### 4. Position your load to maintain vehicle stability, steering and braking.

Keep the centre of gravity as low as possible; don't exceed legal limits for overhang, height and width, mass and axle mass.

### 5. Check your vehicle structures and restraint equipment are in good working condition and strong enough to restrain your load.

Check all vehicle and restraint equipment is rated and fully functioning, and all worn/damaged equipment is repaired or replaced.

## LOADING (AND UNLOADING) THE VEHICLE

### 6. Make sure your load is stabilised.

Take steps to stabilise a load that is at risk of toppling over.

### 7. Make sure you understand and use safe work practices when loading and unloading a vehicle.

Create plans, train staff, create loading zones and communicate appropriately for the environment.

### 8. Make sure you use enough restraint to keep you and others safe.

Your load restraint system must meet the Performance Standards.

## DRIVING ACCORDING TO THE LOAD AND DRIVING CONDITIONS

### 9. Allow for changes in vehicle stability, steering and braking when driving a loaded vehicle.

Be aware of the changes in your vehicle's handling, height and width.

### 10. Check the load and its restraint regularly during your journey.

Loads can settle and shift; lashings may need to be re-tensioned.
