Why use BetaHaul Anti Slip Friction Mats?

Introducing our Load Mat, available in two versatile options: Yellow and Black. Designed to elevate your load restraint experience, these mats are crafted with durability and functionality in mind.

Product Specifications:

- Dimensions: 100mm x 1190mm
- Length: 1190mm
- Width: 100mm
- Thickness: 20mm
- Weight: 2.5kg
- Colours: Yellow or Black

Key Features:

Multiple Fixing Options: Each mat comes equipped with 10 holes, enabling easy screwing to timber or steel dunnage, ensuring secure placement during transit.

Solid Rubber Construction: Built to withstand the rigors of transportation, our Load Mats boast solid rubber construction, enhancing strength and durability for long-term use.

Universal Compatibility: Designed to accommodate 100mm timber or steel bearers, our mats offer versatility and ease of use across various applications.

Fixed Clamp: The FixedClamp attachment is suited to any carrier who is moving a set load profile and does not need to regularly move the positioning of the BettaHaul bearer lengths.
